## About Glo Fiber Enterprise

Our parent company, Shentel, has been in this business for roughly 120 years. Our advanced fiber network is built to ensure you keep pace with the ever-changing demands of our connected world.

## A Unified Communication Solution for a Growing Mobile Workforce

### Stay in Contact, on any Device, Anywhere

Your working life moves constantly from desk to laptop to smart phone to tablet. When you and your team are able to work from anywhere, MaX UC Communicator becomes an important part of your business continuity strategy.

### Safe, Secure Communications

MaX UC Communicator is fully integrated into our advanced IP voice services network and provides reliable performance and great support. Your sensitive information is safeguarded with our industry standard security and privacy measures.

### Powerful 'Presence' Capabilities

See the real-time status of coworkers – available, offline, on the phone, or in a meeting. MaX UC Communicator integrates with Outlook so that click-to-dial and IM can be integrated easily into email, as well as CRM applications and business productivity tools.
